

Extension of Qantas Agreement for 2008

The Qantas 2008 agreement has been recently extended (1 April 2008) with a new expiry date of 30 November 2008.

The 2008 extension provides for an additional 5% savings on domestic routes over and above the 2007 rates. International discount rates remain unchanged.

Staff however are reminded that UTS operates on a "best fare of the day" policy and that the Qantas agreement is to be used to support our internal policy.

Additionally, staff are reminded that UTS has 3 nominated Travel Management Companies who should be used exclusively to arrange all of your travel arrangements. The Qantas Agreement and other deals that will be available from time to time will only be available to staff via these providers.

For more details on either the new agreement or the approved travel providers please visit FSU's website and click on the Travel section.
